DOVER (USA) PANAMA LONDON BOLOGNA RAGUSA

We certify Leaders who make a difference in the business world

Our institutional work is dedicated to the certification of management skills, acquired for professional use in a global business perspective. Selinus University's Business School is an independent institution of higher education in Distance Learning that offers flexible liberal and global studies for the pursuit of Bachelor of Business Administration (BBA), Master of Business Administration (MBA), Doctor of Business Administration (DBA) and Global Executive PhD in all areas of Business Management.

The certificates and diplomas - Bachelor, Master, and Doctor - awarded by Selinus University upon completion of an audit and a final thesis, are professional and international qualifications conferred through Uniselinus Europe Networking University and Uniselinus Educational Group, both based in Italy and operating as globally active educational organizations. Our programs, designed for Managers, Entrepreneurs, and Professionals focused on advancing their careers, are structured to align fully with international educational systems.

The guidelines referred to by our Business School for admission to the programs are equivalent to a minimum of 3 years of professional experience in the specific branch of management in which the candidate works in addition to a Master's degree or equivalent international degree.

Global Executive PhD

By Research via distance learning

65 credits beyond the Master's Degree

To be eligible for the Global Executive PhD by Research program, you must have a Master's Degree, be at least 30 years and have a minimum of 3 years of professional experience in business management.

In our Business School, the Global Executive PhD is obtained by Research via Distance Learning. This learning model allows you to have many advantages without neglecting your professional and family commitments.

The structure of the program consists of the candidate carrying out autonomously an original research dissertation on a specific area of Business Management in accordance with the available directions of study.

The awarding of the Global Executive PhD at the Selinus University business school is based on the evaluation of the thesis content.

Specifically, in addition to the content, the topic, the original context that emerged from the literature review, the order and structure and the candidate's capacity for autonomy in carrying out the research are evaluated.

Global Executive PhD low cost

This study program being done "by Research" and delivered in distance learning with no classroom lectures but with the assistance of a coordinating supervisor, has a much lower cost than a PhD done on Campus spread over 3/4 years of study.

In fact, each credit costs only 45 euros, compared to about 250 euros for an on-campus program.

Since 65 credits are needed, the all-inclusive cost of the program will be 2.925 euros.

The time to carry out the thesis ranges from a minimum of six months to a maximum of 24.

A low-cost model developed by Selinus University to meet the community of international students who want to complete their education at the highest academic level, without taking economic resources away from their families and without spending a fortune.

If, for several reasons, the thesis is insufficient to demonstrate the candidate's competence in the chosen branch of study, the development of additional reports or an interview with a specialized professor may be required. It is the candidate's option to send consultable references of people or companies.

Global Executive PhD

22 Study Majors

The Global Executive PhD can be done in 22 Majors. Only top-notch CEOs, the best professionals and the most qualified managers hold an Executive PhD, which is considered the most prestigious title in the executive field.

In addition, working on a PhD thesis is an excellent opportunity to do research on specific topics, or to prepare the groundwork

for career enhancement. Adding the specialization of an Executive PhD to one's CV means greatly broadening one's employment horizons and equipping oneself with an extraordinary Open Doors for one's career.

How to enter the Global Executive PhD

To enroll in the Global Executive PhD program, you must be at least 30 years old, have a master's degree (or equivalent) and at least three years of experience in business management.

To apply, download the application form from the appropriate page on our website. Fill it out in full, attaching the required documents and your CV, and send it to: info@selinusuniversity.it

The process of validating your application can take anywhere from three days to a week. Once the validation is successfully completed, you will be duly enrolled, receive the Certificate of Enrollment, the enrollment number for access to your account and the payment plan according to your choice.

You can also request further information without any obligation by filling out the specially prepared form on the website.

We will get back to you as soon as possible.

Accreditation - Education Quality - Reputation

The accreditation process is non-governmental and discretionary. A distance education university usually appeals to a private, regional or professional association, in order to be accredited. When any university applies, the accrediting institution performs an overall assessment and grants the accreditation only when deemed appropriate, according to its own accreditation criteria. No worldwide accreditation standards are currently available for any distance learning higher education institutions such as Selinus University.

A distance learning degree can be useful for many purposes, but not for all. It can give access to many careers and jobs, whereas others require government-accredited diplomas.

For this reason, before enrolling, we suggest our potential students to verify the correct degree use in their country.

Professional reputation depends on people's skills and competency, that are only virtually represented by the obtained degree. It is therefore necessary to bear in mind that any company or employer relies more on actual knowledge and expertise owned by aspiring employees, rather than on their degree. For most companies, the completion of a distance university program is as valid as attending courses in a formal university campus.

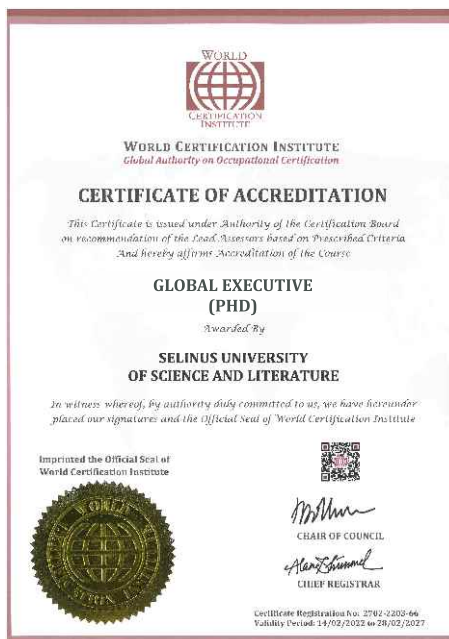

Selinus University of Science and Literature has the WCI (World Certification Institute) accreditation

Selinus University is globally accredited by the WCI (World Certification Institute), a leading global certifying body that grants credential awards to individuals and educational institutions. The WCI accredits courses and study programs delivered by universities, colleges, schools, professional institutions and training companies.

WCI has accredited Selinus University of Sciences and Literature after carefully reviewing, validating and authenticating its study programs.

The World Certification Institute examined the following parameters: program content and duration, teacher qualifications and expertise, financial strength and integrity of course providers and, most importantly, titles relevance for professional and career development, in line with Selinus University's mission.

Selinus University's higher distance education is accredited by recognized private and international bodies, since it meets their educational quality standards.

Quality Management Certification

Selinus University is ISO 9001:2015 certified

and ISO 29990:2010 LSMS certified

Business School is ISO 21001:2018 EOMS certified

In February 2022, the Selinus University of Sciences and Literature was awarded the **ISO 9001 Quality Management Certification**, for which organisations must undergo thorough conformity checks by an accredited certification body, and which attests the quality of Selinus University's systems and solutions for its students.

Since December 2022, it is also certified **ISO 29990** as an international university that offers career-focused study programs via distance learning for Bachelor's, Master's and PhD degrees.

Selinus University Business School is also certified **ISO 21001** as an international school for professionals, managers and entrepreneurs that want to get a Bachelor of Business Administration (BBA), a Master of Business Administration (MBA), a Doctor of Business Administration (DBA) or a Global Executive PhD.

ISO standards are defined by the International Organisation for Standardisation (ISO) and outline the requirements for quality management systems within organisations and companies, both in private and public sectors.

Guarantees of Certifications

The ISO 9001, 29990, 21001 certifications attest that Selinus University adopts a quality management system which is centered on the needs and expectations of its students. Furthermore, it guarantees the high standards of its services, by their continuous monitoring and improvement.

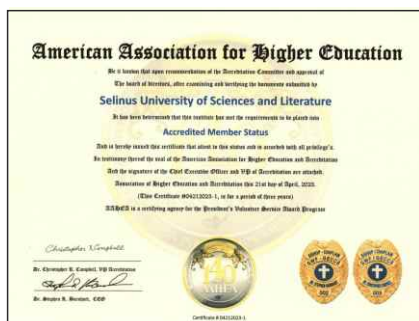

Selinus University has been granted full accreditation by AAHEA (American Association for Higher Education and Accreditation)

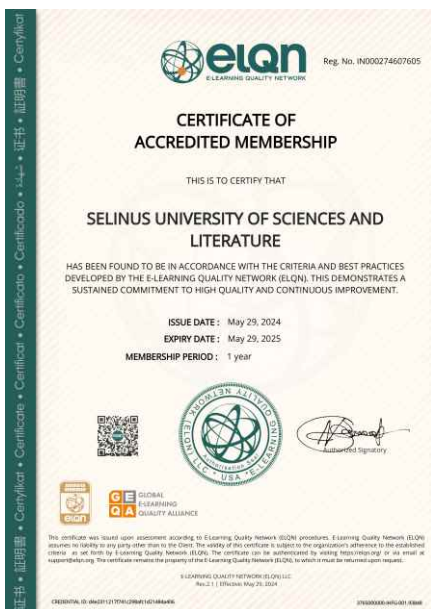

The AAHEA is the oldest non-profit association in the United States dedicated to the advancement of higher education.

The American Association for Higher Education is an independent professional organization that promotes change and reform in higher education, fosters quality teaching and learning at the college and university level, and promotes public awareness of the value of higher education in the United States and around the world.

The goals of the AAHEA include: identifying and analysing critical problems, trends, and developments in higher education and seeking constructive solutions; helping to coordinate the efforts of educational institutions and agencies at all levels; encouraging the improvement of professional work in all areas of higher education; and developing a better understanding by the general public of higher education and higher education as a profession.

ELQN ACCREDITED SELINUS UNIVERSITY: A COMMITMENT TO THE HIGHEST STANDARDS OF E-LEARNING

The E-Learning Quality Network (ELQN) brings together a wide range of organizations committed to ensuring and improving the quality of e-learning. The network includes training providers from all over the world - such as universities, business schools, higher education centers and online training platforms - who contribute through innovative methodologies to promoting excellence in education, driving innovation and fostering collaboration in e-learning globally.

The main aspiration of ELQN - and of Selinus University as well - is a future in which every digital learner is empowered not only to acquire knowledge, but also to develop a lifelong passion for learning, growth and innovation.

Selinus University has the QAHE accreditation

The QAHE, registered in Delaware (USA), is an independent, private and international organization which is funded through fees charged for its accreditation services to higher education institutions, certification bodies, e-learning management system providers and training organizations.

QAHE is an authority in recognizing higher education institutions for research performances, student services and quality of teaching. Furthermore, QAHE has been assessed conform to the requirements of ISO 9001 (Quality Management System), ISO 29990 (Non-formal Education and Training Services Management System), ISO/IEC 17011 (requirements for the competence, consistent operation and impartiality of accreditation bodies assessing and accrediting conformity assessment bodies), ISO/IEC 17040 (general requirements for the peer assessment process to be carried out by agreement groups of accreditation bodies or conformity assessment bodies), ISO 20000 (Service Management System) and ISO 27001 (Information Security Management System).

With its huge network and worldwide credibility, QAHE accreditation certifies Selinus University's commitment to provide quality education, in compliance to the highest international standards.

Selinus University collaborates with the California University Foreign Credential Evaluation for the issuance of the US certificate of degree equivalence

Thanks to this partnership, a validation procedure of the credits obtained allows Selinus University graduates to obtain the certificate of equivalence in the USA. The CUFCE (<https://www.cufce.org/>) is an evaluation agency that meets the requirements of the National Curriculum Evaluation Services (NCES) and UNESCO for accredited professional evaluators (PEs) to evaluate curricula and other academic programs of universities, colleges and schools seeking regional or national accreditation in the US.

California University FCE is organized under the Nonprofit Public Benefit Corporation Act for public and charitable purposes and is subject to California Franchise Tax Exempt Status. It is registered with the State of California Registrar of Deeds. California University FCE has applied for and been granted a five-year renewable institutional registration by the Registrar of Los Angeles County, California, current registration number: 20100880209.

Selinus University graduates can apply to CUFCE to obtain the Dual Degree.

For further information, please contact via email our secretariat.

NOTE

Sometimes, our students - that are managers, professionals or entrepreneurs - need to obtain licenses or to transfer academic credits to/from other institutions. However, in the United States many licensing authorities require accredited degrees as a basis for issuing licenses. Therefore, the recognition of non-accredited university degrees, either for academic or professional purposes, may be discretionary.

In the event that a potential student wishes to enroll at Selinus University in order to access a governmental or public job or career, we recommend that the requirements are ascertained beforehand with the relevant authorities by the candidate, to assess whether the degree is useful or not for the desired work purposes. Selinus University does not intervene in such verification process.
